CHOICE

Delivering career training in health and well-being for forty years

Beauty Therapy, Hairdressing, Health & Fitness, Massage Therapy and Natural Medicine
Since its foundation 40 years ago, the Australian Institute of Applied Sciences has focused on providing practical courses in health and well-being for students so that they can gain the qualifications needed to start working as soon as possible.

Whether your interest is at a Certificate level or in an Advanced Diploma qualification, the AIAS understands that flexibility is an important consideration for students in choosing their education provider. Today we are proud of being able to offer our students the availability of multiple start dates as well as two campus locations in Brisbane and Melbourne. All our courses are available to study online via our learning support platform, StudySmart. Our courses are centred on providing close engagement with a range of dedicated and industry-experienced lecturers as well as hands-on experience in fully-equipped, purpose-built student clinics.

The Australian Institute of Applied Sciences is a part of Study Group, a worldwide specialist education company recognised internationally for its delivery of quality education.

We look forward to welcoming you to the Australian Institute of Applied Sciences.
Change Your Life

Let Your Passions Drive Your Career

At the AIAS, we understand that the need for a change can come about in many different ways. Whatever it is that has inspired you to change your life the AIAS can help. Whether you intend to study for interest, or to begin a new career in the health or well-being industries, the AIAS has a course that will suit you. The AIAS provides world-class quality education to students at an affordable, competitive price.

Let the AIAS open your mind to a healthy career path, we offer a holistic and natural approach to industry learning, providing you with the knowledge that can fundamentally Change Your Life and help you achieve your dreams.

Vision
To be recognised as a leader of vocational training in the areas of health and well-being by delivering a quality and personalised experience for every student.

Mission
- Quality: deliver quality education through an optimal blend of theory and practice
- Interactive Learning: foster superior interactive learning through staff that are committed, qualified and industry experienced
- Student Experience: enhance the student experience by providing a supportive and inclusive environment that focuses on the individual
- Career Outcomes: students develop the knowledge, skills and attributes that promote success in their chosen career

Accreditation
The AIAS is a trading division of the Registered Training Organisation, Study Group Australia Pty Limited (Provider Code 5806).

The AIAS offers nationally recognised vocational education and training qualifications in the fields of Natural Medicine, Massage Therapy, Beauty, Hairdressing and Health & Fitness.

Our regulatory authority is the Australian Skills Quality Authority (ASQA), and we have approval from the Department of Education, which enables our eligible students to access VET FEE-HELP on specified qualifications.

“The AIAS has enabled me to explore my passion for natural health, and live the life I have always wanted. I live what I love and love what I live!!!!”

8 Reasons to Study at the AIAS

As a student of the AIAS you will be important to us and helping you achieve your goals is also our goal. These are just some of the benefits that the AIAS provides its students.

01 Our experience
Since 1974 we have been offering training in massage, natural health and personal well-being. It’s no wonder we’re one of Australia’s best recognised providers of courses in these areas. Our long-standing experience means you can benefit from our years of accumulated knowledge.

02 Hands-on experience and learning
We believe that you learn by doing; by taking the theoretical learning and putting it into practice. As part of their studies, the AIAS students gain real experience working in the clinic environments which are open to the public. Students also are able to demonstrate their competence within the clinic environment, through the holistic assessment applied.

03 We’re here for you
We understand you may have many competing demands in your life so our friendly, supportive staff will work with you to select the study mode that best meets your individual situation.

04 High quality teaching and facilities
We expect the best and so should you. At the AIAS we use industry experienced teaching staff and purpose-built campuses with state-of-the-art equipment and premium quality products. We have real clinics and salons for you to practice your skills.

05 Career oriented learning
If your career is your ultimate goal, then it should be ours as well. Our programs are designed with career outcomes in mind so that you are job-ready at graduation.

06 Solid industry and employer relationships
At the AIAS, we work very hard to build and maintain our industry relations so that employers recognise the high standard of our graduates. Across Natural Medicine, Massage Therapy, Hairdressing, Health & Fitness, and Beauty Therapy, employers know the quality of our graduates.

07 Flexible delivery options
We understand that no two people are alike and that is why our delivery options provide choice to students. Delivery modes include both on-campus and online learning and ‘start anytime’ options.

08 Flexible payment options
VET FEE-HELP (VFH) enables you to study now and pay later. Many of our courses are available for VFH deferred payment options for eligible students. For courses that are not eligible for VFH we offer a number of flexible payment plans. The AIAS is also registered for Austudy for eligible students. We want to ensure that financial capacity does not get in the way of achieving your goals.

We’re different from other colleges

We look after you better than anyone else.
The AIAS has campuses located in both Brisbane and Melbourne. The campuses are housed within modern, student-friendly facilities. All classrooms are spacious and air-conditioned. Teaching equipment is state-of-the-art and the products used in both the practical sessions, and in the clinics, are of premium quality. At the AIAS, we strive to provide a safe, welcoming, professional and caring environment for our students.

Brisbane Campus
337 Logan Rd, Stones Corner
The purpose-designed campus in Brisbane is located in Stones Corner, only minutes from the CBD and easily accessible by car or public transport. Facilities include a courtyard with adjacent library and computer room, kitchen amenities and internet access (featuring wi-fi network available anywhere on the campus). The Campus is spread over three buildings allowing us to tailor the classrooms and clinic set up to each faculty’s needs.

Melbourne Campus
Level 4, 399 Lonsdale Street, Melbourne
The Melbourne campus is centrally located in the heart of the CBD and is easily accessible by public transport. Facilities include a large student break-out room including kitchen, a library, internet access and computers.

Clinic and Salon
The campuses have a number of operating clinics open to the public. These include specialty clinics within Massage Therapy and Natural Medicine, as well as a Beauty and Hairdressing salons. Clinic hours are embedded into many of the courses available, ensuring students gain hands-on practical experience working with real clients in a real work environment.

Students can access all clinic and salon services at a discounted rate.

Online Learning
Online Learning at the AIAS is a flexible learning option where you can study anywhere you can connect to the internet, at a time convenient to you – as opposed to attending a campus.

Online Learning is unique because it encompasses electronically supported learning and teaching methods. You’ll be guided through your studies with an interactive and web-based educational experience.

If you are the kind of person who doesn’t need a structured classroom setting to feel motivated, then Online Learning is an ideal way to pursue a course of study without committing to campus attendance.

All subject assessment tasks are submitted online. Access to a computer and an internet connection means that you’re good to go!

For more information on Online Learning at the AIAS, visit our website aias.edu.au/about/studying/distance-online-learning-courses.

“I love fitting in all my learning with/around all the other things going on in my life. I would not be able to study without the online learning as travelling to campus is not really an option in my life at the moment.”

Nicola Makin
Advanced Diploma of Naturopathy
Online Student
Overview
Your career in beauty begins at the AIAS. Graduate from the AIAS Beauty College and kick start your career as a:
• Beauty Therapist
• Make-up Artist
• Beautician
• Nail Technician.
As you progress through the courses on offer you can even develop the skills needed to start your own business or to become a salon manager.

Our Beauty Salon
A vital part of developing skills in beauty services is development of practical skills.
Our on-campus students benefit from access to our Beauty salon where they can use Algologie and Bio-Pacific Skincare products to develop their skills.
Our online students are supplied with kits that are tailored to their specific course and include the appropriate products necessary to practise their skills at home and in a salon environment.
Online students have the additional opportunity of attending block training and intensive clinic sessions at our Brisbane campus several times each year; this includes spending time in the campus salon.

Accreditation and Recognition
All of our beauty courses are from the SIB10 Beauty Training Package. That means they are nationally recognised qualifications, which have been developed in conjunction with the beauty industry and endorsed by the National Skills Standards Council. Graduates can be sure that they will have the skills and knowledge necessary to commence their beauty career.
The AIAS Beauty Faculty works in close association with Algologie and Bio-Pacific Skincare suppliers. They offer extensive training opportunities to further develop students’ product knowledge, and practical skill progression relevant to the beauty industry.
Certificate II in NAIL TECHNOLOGY

Overview
The Certificate II in Nail Technology is designed to give you the necessary skills to enhance nail appearance, and provide you with the knowledge that will ensure success in this industry. Anyone with a passion for nails will thrive in this hands-on instructive course, run by professionals with years of experience and a wealth of knowledge. Students will learn how to style nails, and sell nail products as well as all about safe practices in their chosen profession.

Description
The Certificate II in Nail Technology covers a wide range of topics from basic nail care through to nail art and advanced nail treatments. This qualification will allow you to operate as a nail technician. You will develop skills in interaction with customers whilst providing manicure, pedicure and nail enhancement services. As part of your qualification you will spend time within the AIAS Beauty Clinic* which operates to the public, giving you experience with real clients in a real work environment.

Subjects
- Manicure and Pedicare
- Gel Nails
- Advanced Nail Techniques
- Nail Art
- Nail Training Salon
- Workplace Sustainability

Career pathways
A graduate is likely to be faced with a number of job opportunities as there are a large number of salons, nail bars and day spas spread throughout metropolitan areas of Australia. Many graduates of the Certificate II in Nail Technology also go on to undertake other AIAS courses such as the Certificate III in Beauty Services and the Certificate IV in Beauty Therapy.

Diploma of

SALON MANAGEMENT

Overview
For those seeking a salon management or leadership role, a recognised salon management course is the first step to achieving your goal. If you’re already active in the beauty industry and want to take it to the next level as a small business owner or manager, specialised leadership and organisational skills are a must for progression and success in business.

The Diploma of Salon Management is excellent preparation for transforming into a salon proprietor or manager.

Description
The Diploma of Salon Management will help you to develop competencies in managing the overall operation of a business involved in services and sales delivery in personal service environments, including beauty salons and spas.

The beauty industry is dominated by small businesses, so to give you the best chance of career success, emphasis is placed on core business areas in the context of managing a salon such as customer service, marketing, human resources, financial management, and planning for small business.

Career pathways
The Diploma of Salon Management is a purpose-developed course, concentrated on preparing students for life as managers, leaders and owners in beauty salons.

While this qualification has an employment outcome in its own right, it is expected also to be used as a pathway for learners wishing to continue their studies at a degree level.

Subjects
- Workplace Policy and Sustainability
- HR Policy
- Customer Service Management
- Salon Services Management
- Salon Marketing
- Salon Recruitment
- Salon Training and Development
- Business Planning for Small Businesses
- Small Business Financial Management

SALON MANAGEMENT

Subjects
- Workplace Policy and Sustainability
- HR Policy
- Customer Service Management
- Salon Services Management
- Salon Marketing
- Salon Recruitment
- Salon Training and Development
- Business Planning for Small Businesses
- Small Business Financial Management

Overview
The Diploma of Salon Management is for those seeking a salon management or leadership role within the Hairdressing industry.
If you’re already active in the industry and want to take it to the next level as a small business owner or manager, specialist leadership and organisational skills are a must for progression and success in business.
The Diploma of Salon Management is excellent preparation for transforming into a salon proprietor or manager.

Description
The Diploma of Salon Management will help you to develop competencies in managing the overall operation of a business involved in services and sales delivery in personal service environments including hairdressing salons.
This course is delivered by lecturers with real world experience of the commercial aspects of the hairdressing industry.

Career pathways
Graduates often gain employment in managerial and leadership positions within the industry or become owners of hairdressing salons or home based operations.
While this qualification has an employment outcome in its own right, it is expected also to be used as a pathway for learners wishing to continue their studies at a degree level.

- Hairdressing Retail Practices C3

Overview
The Certificate III in Hairdressing is designed specifically for new entrants who are looking to become a hairdresser and work as part of a team.

Description
The Certificate III in Hairdressing is geared towards preparing students for the working world. As part of your qualification, you will spend time within the AIAS Hair Salon which operates to the public, giving you experience with real clients in a real work environment.

Career pathways
The Certificate III in Hairdressing will provide you with the necessary education to become a competent hairdresser. Graduates commonly gain employment as a qualified hairdresser working as part of a team in a salon or operating a home salon.
Those who achieve this qualification will be able to perform an extensive range of skills and advise clients competently in a variety of circumstances. You will be able to apply the skills you have learned independently and with professionalism.
While the Certificate III in Hairdressing can be used as a direct pathway to your career, it is also a stepping stone to the Certificate IV in Hairdressing, which offers further specialisation.
Overview
The AIAS offers courses in health and fitness, and these are designed to suit both beginner and more experienced professionals. Get your career off the ground in the allied health and fitness industries with the AIAS.

Accreditation
The AIAS Health & Fitness Faculty provides you with nationally recognised world-class health and fitness courses that meet the requirements of the relevant National Training Packages. These courses have been developed by the industry, for the industry, so you can be sure you are well-prepared to commence your new career.
Certificate III in
ALLIED HEALTH ASSISTANCE

Subjects

- Core Subjects:
  - Fundamentals of Anatomy & Physiology
  - Communication for Allied Health
  - Client Care General
  - Specific Group – People with a Disability
  - Specific Group – Older People

- Stream A - Nutrition & Dietetics
  - Introduction to Nutrition
  - Nutrition 1 – NT
  - Nutrition and Dietetics – Allied Health

- Stream B - Client Support
  - Client Rehabilitation
  - Cultural Competence

Overview

The Certificate III in Allied Health Assistance is perfect for those seeking to gain skills in allied health areas such as nutrition, dietetics, and client support. It's a hands-on course where you'll learn how to apply safe work practices and infection control protocols, and uphold respectful and high-standard client service. You will also acquire such skills as planning basic food safety practices, you’ll be trained in the physiotherapy field, such as assisting in the treatments or developing basic food safety practices.

Career pathways

Achieving this Certificate III qualifies you to provide assistance to allied health professionals. As a key member of a health team at this level, you will operate under direct supervision in fields such as Nutrition and Dietetics, Health Promotion, Mental Health or Podiatry. Your role could involve developing therapy resources, providing technical support, and administrative tasks. Employment can be gained in hospitals, both public and private, and in the aged care sector. Many graduates of this qualification can continue their studies, undertaking the Certificate IV in Allied Health Assistance.

The Faculty of Massage

Overview
Offering massage courses since 1974, the AIAS has developed a reputation as one of Australia’s premier providers within this field. Graduates work as:
- remedial massage therapists
- sports massage specialists
- specialists in child or aged care massage
- well-being therapists.

Our Clinic
The AIAS massage therapy clinics include the state-of-the-art facilities needed in the practice of remedial massage.
- On-campus students are able to practise hand-on skills in massage techniques within a real clinic environment.
- Off-campus students may attend optional block training sessions to practise the skills they have developed.

Accreditation and Recognition
All of our massage therapy courses are from the HLT07 Health Training Package. These are developed in conjunction with the industry and endorsed by the National Skills Standards Council, so graduates can be sure they have the skills needed to enter this exciting field.

Graduates of the AIAS massage courses may be eligible to apply for membership with one or more of the industry’s professional associations. We recommend that you speak directly with the association for full details of membership criteria and eligibility. Visit our website aias.edu.au for a listing of industry associations and more information.
Certificate IV in Massage Therapy Practice is designed to be the first step in launching your career as a massage therapist. This massage course teaches the technical, anatomy, physiology, pathology and symptomatology to provide effective relaxation and therapeutic massage. You will also learn about communication and organisation skills to work effectively in the business side of the massage industry.

This course is aimed at recent school leavers who want to learn massage skills, or those wishing to add massage therapy training to their existing professional skill set.

Description
The Certificate IV in Massage Therapy Practice covers fundamental knowledge required for relaxation and therapeutic massage. It provides the foundation for further studies into remedial massage programs which cover a range of subjects including lymphatic drainage, sports massage and cross fibre mobilisation.

The study of communication skills and clinic management are also vital components of this massage course. As part of your qualification you will spend time within the AIAS Massage Clinic, which operates to the public, giving you experience with real clients in a real work environment.

Career pathways
Graduates from the Certificate IV in Massage Therapy Practice will be competent base level massage therapists. You will find employment in a range of areas including in a clinic (or in your own clinic), in a spa facility, with sports teams and in the fitness industry, or in an aged care or a palliative care facility. Common job titles for those who have studied this course are Massage Therapist or Massage Therapy Practitioner.

Some units of study from the Certificate IV in Massage Therapy Practice can be credited towards other courses at the AIAS. Our graduates usually extend their studies to include the Diploma of Remedial Massage, Diploma of Traditional Chinese Medicine Remedial Massage, Diploma of Shiatsu and Oriental Therapies or Diploma of Reflexology.

Diploma of Shiatsu and Oriental Therapies is designed to give you the education and training to launch your career in Shiatsu and Oriental Therapies. There are no prerequisites for entry, with the aim of the course being to transform the complete beginner to a qualified Shiatsu and Oriental Therapies Practitioner.

Description
Participants in this diploma will gain skills in Chinese acupressure, Chinese philosophy, shiatsu massage and structural alignment. The program will also train the students in communication, anatomy and physiology, clinical medicine and practice administration.

As part of your qualification you will spend time within the AAS-Massage Clinic, which operates to the public, giving you experience with real clients in a real work environment.

Career pathways
The Diploma of Shiatsu and Oriental Therapies provides the skills required for competence in Shiatsu Therapy and links these skills to the wider Oriental Therapies framework.

Graduates from this course can expect to embark on successful careers as Shiatsu Practitioners. This course can also be used as a stepping stone to further study in additional massage practices at Diploma and Advanced Diploma level.
The Certificate IV in Massage Therapy Practice is a prerequisite to entry of the Diploma of Remedial Massage. Students are required to study all subjects:

- Anatomy and Physiology 2
- Anatomy and Physiology 3
- Musculoskeletal Anatomy
- Clinical Medicine 1
- Business Management
- Clinic - Remedial
- Remedial 1
- Remedial 2
- Remedial 3
- Massage for Special Populations
- Sports Massage

**Overview**

Remedial Massage is the manipulation of muscle and connective tissues to promote relaxation and well-being, relieve pain, treat injury and increase circulation. The Diploma of Remedial Massage at the AIAS will give you the education and training needed to launch your career as a Remedial Massage Therapist. This is an advanced level course, and applicants will need to have successfully completed the Certificate IV in Massage Therapy Practice or an equivalent qualification.

**Description**

Students of the Diploma of Remedial Massage will receive training in many aspects of remedial massage including massage therapy, lymphatic drainage, treatment for athletes, treatment for chronic diseases and deep tissue massage.

You will also gain important training in professional practice, legal and ethical requirements, anatomy and physiology and clinical management skills.

As part of your qualification you will spend time within the AIAS Massage Clinic* which operates to the public, giving you experience with real clients in a real work environment.

**Career pathways**

Graduates of the Diploma of Remedial Massage will have the skills required to be self-employed as independent practitioners or to work within a larger health service. The course covers the provision of remedial massage treatment to clients with specific needs such as injury management, rehabilitation, palliative care, aged care and women and children. Practitioners at this level may supervise other massage therapists.

Graduates of the Diploma of Remedial Massage generally gain employment as Remedial Therapists, Remedial Massage Therapists, or Remedial Massage Practitioners. The Diploma of Remedial Massage can also be used as a pathway to higher education. One such opportunity is a Bachelor of Health Science (Complementary Medicine). Students who have successfully completed the Diploma of Remedial Massage from the AIAS are eligible for entry into this undergraduate program at Charles Sturt University. The AIAS offers up to five (5) University Access Scholarships annually for the AIAS eligible graduates continuing their studies at CSU. For full terms and conditions visit the website aiias.edu.au.

Diploma of Reflexology

Overview
Reflexology is based on the principle that certain points on the hands, feet and ears correspond with other parts of the body. Applying pressure to these points with tools or lotions can treat pain, illness and injury.

The Diploma of Reflexology at the AIAS is the ideal course to give you the skills to launch your career as a reflexologist.

Subjects
Students are required to complete all subjects (plus First Aid*):
- Anatomy and Physiology 1
- Anatomy and Physiology 2
- Anatomy and Physiology 3
- Musculoskeletal Anatomy
- Clinical Medicine 1
- Business Management
- Practice Administration A
- Communication Strategies - Health
- Reflexology 1
- Reflexology 2
- Reflexology 3
- Clinic Reflexology 1
- Clinic Reflexology 2
- Massage Therapy 1 - REF
- Nutrition 1 - REF
- Work with Older People
- First Aid*

*Students are required to provide evidence of having attained HLTFA311A Apply first aid to unit of competency in order to be eligible for this qualification.

Career pathways
Those qualified in reflexology are employed in a range of settings including clinics, spas and health retreats and resorts.

There are opportunities for you to operate as a self-employed independent practitioner or to gain employment in any of the settings mentioned above. Once you have gained experience and become established in the field, you might progress to management level, coordinating the work of other reflexology practitioners.

Description
Graduates of the Diploma of Reflexology from the AIAS often find employment as reflexologists or reflexology practitioners.

The Diploma of Reflexology can also be used as a pathway to higher education. One such opportunity is a Bachelor of Health Science (Complementary Medicine).

Students who have successfully completed the Diploma of Reflexology from the AIAS are eligible for entry into this undergraduate program at Charles Sturt University. The AIAS offers up to five (5) University Access Scholarships annually for the AIAS eligible graduates continuing their studies at CSU. For full terms and conditions visit the website aias.edu.au.

Diploma of Traditional Chinese Medicine Remedial Massage (An Mo Tui Na)

Overview
The Diploma of Traditional Chinese Medicine Remedial Massage (An Mo Tui Na) offers training in all aspects of TCM massage. Students will learn about massage therapy, Chinese philosophy and Chinese acupressure. There is also a strong emphasis on communication, anatomy and physiology, clinical medicine and clinical management.

As part of your qualification, you will spend time within the AIAS Massage Clinic*, which operates to the public giving you experience with real clients in a real work environment.

Career pathways
This qualification provides skills in Traditional Chinese Medicine Remedial Massage, which are useful skills in treatment for women and children and in traumatology treatment. Graduates may also work in conjunction with practitioners qualified in other TCM areas of practice.

Graduates from this course will generally be successful as TCM Remedial Massage Practitioners, TCM Remedial Massage Therapists, Chinese Remedial Massage Practitioners, and Tui Na Practitioners.

Some units of study from the Diploma of Traditional Chinese Medicine Remedial massage can be credited towards another course at the AIAS.

Many graduates choose to further their education by undertaking an Advanced Diploma with the AIAS.

*Optional block training available for online students.
Overview
The AIAS is one of Australia’s leading training providers in the areas of naturopathy, nutritional and natural medicine, with almost 40 years of experience in these areas. Our graduates work as:
• naturopaths
• nutritionists
• herbalists
• aromatherapists.

Our Clinic
Natural medicine courses focus on the practical side of Natural Therapy, as well as ensuring that you understand the important underlying theory. The AIAS campus clinics are open to the public so you will be able to receive hands-on practice to build your skills with real clients. These state-of-the-art clinics offer a wide variety of affordable health care treatments. The high standard of these clinics is recognised, for example: the Brisbane Clinic is approved by the Brisbane City Council under the Skin Penetration and Medical Health Acts.
Off-campus students can participate in optional block training sessions, accessing the campus clinic to practice their skills.

Accreditation and Recognition
The AIAS Natural Medicine Faculty provides you with nationally recognised world-class natural medicine courses that are endorsed as part of the HLTA07 Health Training Package. These are developed in conjunction with the industry and endorsed by the National Skills Standards Council, so graduates can be sure they have the skills and knowledge needed to enter this exciting field.
Graduates of the AIAS natural medicine courses may be eligible to apply for membership with one or more of the industry’s professional associations. We recommend that you speak directly with the association for full details of membership criteria and eligibility. Visit our website aias.edu.au for a listing of industry associations and more information.
Certificate IV in AROMATHERAPY

On Campus: Brisbane
Online

Subjects
• First Aid*
• Clinic - Aromatherapy 1B
• Clinic – Aromatherapy 1A
• Aromatherapy Massage
• Principles of Aromatherapy
• Chemistry for Aromatherapy
• Clinic Management
• Communication Strategies – Health
• Anatomy and Physiology 1

Students are required to complete all subjects (plus First Aid*):

This qualification is open for direct entry.

Overview
This course is ideally suited for anybody who wants to obtain fundamental knowledge of aromatherapy and the application of essential oils and their use in aromatherapy massage. This course does not require any previous aromatherapy knowledge and is open for direct entry.

Description
With a focus on aromatherapy-based relaxation massage, this course provides the broad range of knowledge and practical skills required to be an aromatherapist.

The Certificate IV in Aromatherapy provides an opportunity for students to develop basic anatomy and physiology knowledge. The knowledge and practical experience gained in all subjects studied in this course will provide the student with the necessary skills in assessing their client’s needs, so they can competently plan and implement an appropriate series of treatments.

As part of your qualification you will spend time within the AIAS Natural Medicine Clinic which operates to the public, giving you experience with real clients in a real work environment.

Career pathways
This qualification covers the skills needed to be an entry level Aromatherapist. At the completion of this certificate, you will have the basic skills in aromatherapy health assessment and treatment.

You may find work in a clinic, aged care facility, a health service or a spa facility giving basic aromatherapy treatments. Alternatively, graduates find work in manufacturing aromatherapy products or in the retail area of the industry.

At this level the graduate aromatherapist can formulate applications within a relaxation framework, and would be expected to have a basic knowledge of a limited range (minimum of 20) of oils. A person with a Certificate IV in Aromatherapy will predominately use massage as a method of application.

While the Certificate IV in Aromatherapy can be used as a direct pathway to your career, it is also a stepping stone to the Diploma of Aromatherapy, which offers further specialisation.

Enrolment
Intakes on-campus – 26th May 2014
1st Sep 2014
1st Dec 2014

### Advanced Diploma of Homoeopathy

**Overview**
Homoeopathy is a complete system of medicine based on the principle of “let likes cure likes”. This system for treating disease operates on the administration of minute doses of a substance which in massive amounts produces symptoms in healthy individuals similar to those of the disease itself. This means homoeopathic treatment is believed to stimulate the body’s ability to fight infection and susceptibility to disease.

This course is aimed at anyone whose aim is to qualify for a career in homoeopathic medical practice.

**Description**
Focusing on the skills required to be a successful Homoeopathic practitioner, the course has been developed in consultation with relevant industry bodies, specialists and representatives. Students of the course develop skills and knowledge to work at independent practitioner level in Homoeopathy, including the delivery of homoeopathic treatment and care such as:
- analysing health information
- planning homoeopathic treatment strategies
- performing clinical screening examination and assessment
- applying homoeopathic diagnostic frameworks.

**Career pathways**
Occupational titles for graduates may include:
- Homoeopath; and
- Homoeopathic practitioner.

Graduates usually begin their career as independent professionals or as a partner in a clinic. There are many other exciting career opportunities available in education sectors, community health care services, social welfare, sales, manufacturing and health retreats. If you’re a practitioner in a related field and wish to add Homoeopathy to your skillset, this is an ideal pathway to diversifying your career.

**Subjects**
- Anthropology and Physiology 1
- Anthropology and Physiology 2
- Anthropology and Physiology 3
- Musculoskeletal Anatomy
- Chemistry
- Biochemistry
- Communication Strategies – Health
- Practice Administration II
- Business Management
- Nutrition 1 – HOM
- Herbal Medicine 1 – HOM

study@aias.com.au

---
Enrolling with the AIAS is simple. Just follow these easy steps once you have selected the course that is right for you.

01 Visit us at aias.edu.au

02 Apply online
Lodge an online application by visiting aias.edu.au and select the “Apply Online Today” button.
If you have any questions or need help enrolling, contact the Student Enrolment Advice Team on 1300 880 933.

Entry Requirements
Students wanting to enrol in courses offered by the AIAS must be at least 16 years old and have achieved the minimum of a Year 10 education or equivalent (refer to table below). Alternative entry is through Mature Age whereby a student must be at least 20 years old or through an Admissions Interview. Past academic or work experience is not necessary for Mature Age entry.

Recognition of Prior Learning
If you have studied previously or have work experience that relates directly to your course, you may be exempt from a component/s of your AIAS course through recognition of prior learning (RPL). If you think you may be eligible for RPL you should first familiarise yourself with the Recognition of Prior Learning Policy and Procedure and complete an application to apply for RPL assessment. This information is found on our website aias.edu.au.

VET FEE-HELP

VET FEE-HELP is a government loan scheme that allows students to study now and pay later.

What is VET FEE-HELP?
VET FEE-HELP is a loan scheme for the Vocational Education and Training (VET) sector. VET FEE-HELP assists eligible students undertaking certain VET courses of study. It allows students to be able to borrow funds up to their FEE-HELP limit to help pay for all or part of their tuition fees. It does not cover accommodation and general living expenses. Students approved for VET FEE-HELP assistance will have a loan with the Australian Government who will, on the student’s behalf, pay their tuition fees to their approved VET provider.

Who is eligible for VET FEE-HELP?
To be eligible for VET FEE-HELP students must:
• be Australian citizens, or permanent humanitarian visa holders who will be a resident in Australia for the duration of the their study
• be an eligible student enrolled on or before the census date in an eligible unit of study
• meet the tax file number requirements
• not have exceeded the FEE-HELP limit.
Please note there is no age restriction for those wishing to apply for VET FEE-HELP.

VET FEE-HELP Repayment
VET FEE-HELP debts become part of a student’s accumulated Higher Education Loan Program (HELP) debt. The debt is paid through the tax system once the student reaches the minimum income threshold level for repayment. The threshold for the 2013/14 income year is $51,309.

More Information
To find out more about VET FEE-HELP, contact an AIAS Student Enrolment Advisor on 1300 880 933.
Further details can be obtained from studyassist.gov.au/sites/studyassist/helppayingmyfees/vet-fee-help/pages/vet-fee-help

Course Type | Direct Entry Requirements
--- | ---
Certificate II and III | Successful completion of Australian Year 10 or overseas equivalent
Certificate IV | Successful completion of Australian Year 11 or overseas equivalent
Diploma and Advanced Diploma | Successful completion of High School (Australian Year 12 or overseas equivalent) or a relevant Certificate IV or appropriate work based experience.

Some AIAS courses have prerequisites or other specific requirements. For full details visit our website aias.edu.au
Quality education worldwide
The Australian Institute of Applied Sciences is part of Study Group, a quality global education provider that invests in international students’ futures and enhances their prospects by focusing as much on the way they learn as the qualifications they achieve.
